PLEASE HAND THIS BOOKLET TO YOUR INSTRUCTOR ON EACH LESSON

HOW THE THEORY TEST WILL WORK

Your theory test will consist of a **multiple choice element** and a **hazard perception element**. First you will be shown a confirmation screen which confirms your name and the category of test you are taking. You have the choice to start or exit the test.

THE MULTIPLE CHOICE ELEMENT (PASS MARK 43 OUT OF 50)

Multiple choice practice session- The practice session on the computer to you how to work through the multiple choice element of the test and how to choose and check your answers. Candidates taking a foreign language or British sign language version of the test will be instructed on how to use the audio/ video features of the test.

the practice questions should allow you to become comfortable with how the test will work. These questions do not carry a mark towards your test result.

Multiple choice element- This part of the exam will consist of 50 multiple choice questions.

You must answer each question, but you will be able to check questions and change answers throughout the test by using the flag and review button.

Optional trial questions- The DSA sometimes tryout new multiple choice questions with future theory tests in mind. After you have finished the multiple choice element of your test you may be offered trial questions to complete. You do not have to complete these, and they do not count towards your overall score.

Short break- You can take up to 3 minutes break before starting the second part of your theory test, which tests your hazard perception skills. You cannot leave your desk during this break.

THE HAZARD PERCEPTION ELEMENT (Pass mark 44 out of 75)

Hazard perception tutorial video-At the start of the hazard perception part of the test you will be shown a short instructional video. This video will tell you how the hazard perception part of the theory test works. You can watch the instruction video twice if you need to. You will need to wear headphones to listen to the instruction video. You can take them off at the end of the video, or keep them on if you prefer or are a candidate for the foreign language or British sign language version of the test.

There is no sound on the test clips.

Hazard perception element -The hazard perception element tests your ability to look at and understand the whole road scene and to recognise hazards at an early stage, as they develop. Your result will tell the DSA whether you have learned the hazard perception skills to avoid and deal with hazards safely. During the test you will see film clips of traffic scenes from a drivers point of view. These clips are just like the clip in the instruction video. These clips contain one or more hazards and or situations developing involving other road users. As the clips in this test are on real roads they contain all types of hazards. The only hazards you will be scored on are the developing ones. Do not worry, you will not loose points for responding to other hazards. The hazard perception part of the test will contain 14 film clips and 15 scoreable hazards. In one clip there will be an extra scoreable hazard i.e. 2 in total. Each developing hazard may require the driver to take some form of action such as

HOW THE THEORY TEST WILL WORK CONT

changing speed or direction. You should respond by clicking the left or right mouse button which ever you prefer, as soon as you think, from the clues on the clip that this might happen. You will only see the test clips once so you must concentrate. You cannot go back or change your response. When you press one of the mouse buttons the video will not stop or slow down, but you will see a red flag appear at the bottom of the screen each time you press. This red flag shows that your response has been recorded. Your responses to the clips will be automatically recorded by the computer. They will be compared to marks set by DSA driving experts. The marking for each scorable hazard is split into 5 parts. If you respond to the first part you will get 5 points, the second part 4 points, down to 1 point. If you fail to respond in the correct time zone or not at all or in an unacceptable manner (e.g.. constant clicking), you will receive 0 points for that clip. The earlier you pick up the clues and press your mouse button to record that you have seen the hazard the higher your score. It is important you respond to all hazards that you see even though there is only one scorable hazard. However it is important to be careful not to make lots of unnecessary responses in a very short space of time, or during the clip. If this happens you will score 0 points and see this message at the end of the clip.

X

You responded to this clip in an unacceptable manner
You will score zero for this clip

Optional trial clip- after the hazard perception element, you may be shown a video clip that is being tried out for future tests. This does not count as part of your test. They would like you to respond to this clip as it helps them develop future tests. After you have completed the test you will be offered a Voluntary customer satisfaction survey. You are asked to provide feedback to the DSA about yourself and your testing experience with Prometric Thompson Learning.

Test result- At the end of the test you will leave your desk and make your way to the Administrators desk to sign the signature log. You will then be given your result letter.

The letter will contain your score on both elements of the test and the result. If successful, you will be given an Official Driving Test Certificate in addition to the result letter.

We wish you every success with your test.

Recommended Study Material

The official theory test for car drivers. This is the best selling theory test preparation book in the UK. It is the only OFFICIAL book that contains all the questions together with answers and explanations, as written by the DSA. It is easy to understand, with clear graphics and straight forward layout. It includes advice regarding the hazard perception test and is regularly updated.

Price £12.99

Computer DVD ROM Driving Test Theory, (contains both DVD ROM's.)

For use in a computer with a DVD rom drive

The Theory Test DVD Rom Contains every single question word for word that there can be on the car theory test. It generates mock exams from the question bank and can store any questions you got wrong for instant retrieval.

The Hazard Perception DVD Rom contains mock hazard perception exams. An excellent revision aid and a must for learners with a computer.

Price £9.99

DVD ROM Driving Test Theory

As above but for use in a normal DVD player. Totally interactive instead of using a mouse you use your DVD player remote control

Price £12.99

Show Me Tell Me

As part of the practical test the examiner will ask you a few of the following questions. The required answers are in bold.

SHOW ME...

- Q) Show me/explain how you would check that the power steering is working before starting a journey.
A) If the steering becomes heavy the system may not be working properly. Before starting a journey 2 simple checks can be made. Gentle pressure on the steering wheel, maintained while the engine is started, should result in a slight but noticeable movement as the system begins to operate. Alternatively turning the steering wheel just after moving off will give an immediate indication that the power assistance is functioning.
- Q) Open the bonnet, identify where you would check the engine oil level and tell me how you would check that the engine has sufficient oil.
A) Identify dipstick/oil level indicator , describe check of oil level against min/max markers.
- Q) Open the bonnet, identify where you would check the coolant level and tell me how you would check that the engine has the correct level.
A) Identify high/low level markings on header tank where fitted or radiator filler cap, and describe how to top up to correct level.
- Q) Show me how you would check the parking brake for excessive wear.
A) Demonstrate by applying parking brake that when it is fully applied it secures itself, and is not at the end of the working travel.
- Q) Identify where the windscreen washer reservoir is and tell me how you would check the windscreen washer level.
A) Identify reservoir and explain how to check the level.
- Q) Open the bonnet, identify where the brake fluid reservoir is and tell me how you would check that you have a safe level of hydraulic brake fluid.
A) Identify reservoir and check level against high/low markings.
- Q) Show me how you would check that the horn is working (off road only).
A) Check is carried out by using control (turn on ignition if necessary).
- Q) Show me how you would check that the direction indicators are working.
A) Applying the indicators or hazard warning switch and check functioning of all indicators (turn on ignition if necessary)
- Q) Show me how you would check that the headlights and tail lights are working.
A) Operate switch (turn on ignition if necessary) and walk round vehicle.

TELL ME...

- Q) Tell me how you would check that the brake lights are working on this car.
A) Operate brake pedal, make use of reflections in windows, garage doors etc or ask someone to help.
- Q) Tell me how you would check that the brakes are working before starting a journey.
A) Brakes should not feel spongy or slack. Brakes should be tested as you set off. Vehicle should not pull to one side.
- Q) Tell me where you would find the information for the recommended tyre pressures for this car and how tyre pressures should be checked.
A) Manufacturer's guide, use a reliable pressure guage, check and adjust pressures when tyres are cold, don't forget spare tyre and remember to refit valve caps.
- Q) Tell me how you would check the tyres to ensure that they have sufficient tread depth and that their general condition is safe to use on the road.
A) No cuts or bulges, 1.6mm of tread depth across the central three quarters of the breadth of the tyre and around the entire outer circumference.

Pupils are reminded that as well as being able to give and demonstrate the answers to the above questions, they must also understand what they are doing and why they are doing it. These are all the questions at the time of going to press ask your instructor for any changes or new ones.

How to pass the theory test.

Multiple Choice Element

- 1) Obtain the book or CD ROM advertised on page 4.
- 2) Study the question bank in one of the above.
- 3) Attempt mock exam 1 (page 7) or one of the mock exams on the CD ROM. Score more than 30, great you passed.
- 4) Study the question bank again.
- 5) Attempt mock exam 2 (page 10) or a different mock exam on the CD ROM. Score more than 30, great you passed.
- 6) Study the question bank again.
- 7) Attempt mock exam 3 (page 13) or a different mock exam on the CD ROM. Score more than 30, great you passed.
- 8) If you still have not scored over 30 then carry on studying the question bank, before attempting another mock exam from the CD ROM.
- 9) If you have the book then get a friend to read 35 random questions to you. Carry on studying until you start getting over 30 out of 35 all the time.

Hazard perception element.

The secret to passing is to click your mouse as soon as a hazard or sign warning you of a hazard comes into view.

The CD ROM (see page 4) or the Roadsense video (see page 4) are the ideal tools to help you pass this exam.

Hazards

- | | |
|--|--|
| 1) Warning signs, these are triangular with a red boarder. | 10) Ice or any sudden changes in road or weather conditions. |
| 2) Traffic lights (on any colour). | 11) Railway Crossings. |
| 3) Parked cars. | 12) Cyclists. |
| 4) Pedestrian crossings. | 13) Roundabouts. |
| 5) Pedestrians, walking towards or on the road. | 14) Roadwork's. |
| 6) Junctions. | 15) Large vehicles including busses (must be blocking your path). |
| 7) Vehicles coming out of driveways. | 16) Ice cream vans. |
| 8) Animals. | 17) Something that may cause you to break or change direction to avoid it. |
| 9) Bends in the road. | |

REMEMBER-The earlier you spot the hazard and click your mouse, the better your final score.

E.G.. You are driving down a road and ahead is a car reversing off a drive.

You should click your mouse as soon as you see it, or even its reversing lights.

This will score maximum points.

If you respond when the car gets onto the road you will score minimum points.

If you click when there is no hazard then you will receive no points for the clip, even if you spot the real hazard.

Mock Theory Test Paper "1" (Mark One Answer Unless Otherwise Stated)

1. You should not use a mobile phone whilst driving.
 - A. Until you are satisfied no other traffic is near
 - B. Unless you are able to drive one handed.
 - C. Because it may distract your attention from the road ahead.
 - D. Because reception is poor when the engine is running.
2. When you are moving off from behind a parked car you should. **MARK THREE ANSWERS.**
 - A. Look round before you move off.
 - B. Use all the mirrors on the vehicle
 - C. Look round after moving off
 - D. Use the exterior mirrors only
 - E. Give a signal if necessary
 - F. Give a signal after moving off
3. You should only flash your headlights to other road users
 - A. To show that you are giving way
 - B. To show that you are about to turn
 - C. To tell them you have right of way
 - D. To let them know you are there
4. You are driving in traffic at the speed limit for the road. The driver behind is trying to overtake. You should
 - A. Move closer to the car ahead so the driver has no room to overtake
 - B. Wave the driver behind to overtake when it is safe
 - C. Keep a steady course and allow the driver behind to overtake
 - D. Accelerate to get away from the driver behind.
5. You should never wave people across at pedestrian crossings because.
 - A. There may be another vehicle coming
 - B. They may not be looking
 - C. It is safer for you to carry on
 - D. They may not be ready to cross
6. How can you reduce the chances of your car being broken into when left unattended
 - A. Take all contents with you
 - B. Park near a taxi rank
 - C. Place any valuables on the floor
 - D. Park near a fire station.
7. It is essential that tyre pressures be checked regularly. When should this be done
 - A. After any lengthy journey
 - B. After travelling at high speed
 - C. When Tyres are hot
 - D. When Tyres are cold.
8. Which three does the law require you to keep in good condition? **MARK THREE ANSWERS**
 - A. Gears
 - B. Transmission
 - C. Headlights
 - D. Windscreen
 - E. Seat belts.
9. You are driving on a Motorway. The traffic ahead is braking sharply because of an accident. How could you warn following traffic
 - A. Briefly use the hazard warning lights
 - B. Switch on the hazard warning lights continuously
 - C. Briefly use the rear fog lights
 - D. Switch on the headlights continuously
10. You are carrying two 13 year old children in the car and their parents in your car. Who is responsible for seeing that the children wear seat belts
 - A. The children's parents
 - B. You, the driver
 - C. The front-seat passenger
 - D. The children
11. When a roof rack is not being used it should be removed. Why is this?
 - A. It will affect the suspension
 - B. It is illegal
 - C. It will affect your braking
 - D. It will waste fuel.
12. Turning your steering wheel whilst your vehicle is stationary can cause damage to the **MARK TWO ANSWERS**
 - A. Gearbox
 - B. Engine
 - C. Brakes
 - D. Steering
 - E. Tyres.

Mock Theory Test Paper "1" (Mark One Answer Unless Otherwise Stated)

13. In very hot weather the road surface can get soft. Which TWO will be affected most **MARK TWO ANSWERS**
- The suspension
 - The steering
 - The braking
 - The exhaust.
14. When would an anti-lock braking system start to work?
- After the parking brake has been applied
 - Whenever pressure on the brake pedal is applied
 - Just as the wheels are about to lock
 - When the normal braking system fails
15. You are turning left on a slippery road. The back of your vehicle slides to the right. You should
- Brake firmly and not turn the steering wheel
 - Steer carefully to the left
 - Steer carefully to the right
 - Brake firmly and steer to the left
16. You wish to park facing downhill which TWO of the following should you do? **MARK TWO ANSWERS**
- Turn the steering wheel towards the kerb
 - Park close to the bumper of another car
 - Park with two wheels on the kerb
 - Put the handbrake on firmly
 - Turn the steering wheel away from the kerb
17. What else can seriously affect your concentration other than alcoholic drinks. **MARK THREE ANSWERS**
- Drugs
 - Tiredness
 - Tinted windows
 - Contact lenses
 - Loud music
18. You are not sure if your cough medicine will affect you. What TWO things could you do? **MARK TWO ANSWERS**
- Ask you doctor
 - Check the medicine label
 - Drive if you feel all right
 - Ask a friend or relative for advice
19. As a provisional licence holder you must not drive a motor car. **MARK TWO ANSWERS**
- At more than 50 mph
 - On your own
 - On the Motorway
 - Under the age of 18 years of age at night
 - With passengers in the rear seats
20. You are taking drugs that are likely to affect your driving. What should you do?
- Seek medical advice before driving
 - Limit your driving to essential journeys
 - Only drive if accompanied by a full licence holder
 - Drive only for short distances
21. A horse rider is in the left hand lane approaching a roundabout. You should expect the rider to
- Go in any direction
 - Turn right
 - Turn left
 - Go ahead
22. As you approach a pelican crossing the lights change to Green. Elderly people are halfway across. You should
- Wave them to cross as quickly as they can
 - Rev your engine to make them hurry
 - Flash your lights in case they have not heard you
 - Wait because they will take longer to cross
23. You want to turn right from a main road into a side road. Just before turning you should
- Cancel your right-turn signal
 - Select first gear
 - Check for traffic overtaking on your right
 - Stop and set the handbrake
24. There are flashing amber lights under a school warning sign. What action should you take?
- Reduce speed until you are clear of the area
 - Keep up your speed and sound the horn
 - Increase the speed to clear the area quickly
 - Wait at the lights until they change to green

Mock Theory Test Paper "1" (Mark One Answer Unless Otherwise Stated)

25. It is very windy. You are about to overtake a cyclist. You should
- Overtake slowly
 - Allow extra room
 - Sound your horn
 - Keep close as you pass
26. You are travelling behind a bus that pulls up at a bus stop. What should you do **MARK TWO ANSWERS**
- Accelerate pass the bus sounding your horn
 - Watch carefully for pedestrians
 - Be ready to give way to the bus
 - Pull in closely behind the bus
27. You are driving down a steep hill. You suddenly notice your brakes are not working as normal. What is the usual cause of this?
- The brakes are overheating
 - Air in the brake fluid
 - Oil on the brakes
 - Badly adjusted brakes
28. You are on a well-lit Motorway at night. You must
- Use only your sidelights
 - Always use your headlights
 - Always use rear fog lights
 - Use headlights only in bad weather
29. When snow is falling heavy you should
- Drive provided you use your headlights
 - Not drive unless you have a mobile phone
 - Drive only when your journey is short
 - Not drive unless it is essential
30. You are driving on a Motorway. The car ahead shows its hazard lights for a short time. This tells you that.
- The driver wants you to overtake
 - The other car is going to change lanes
 - Traffic ahead is slowing or stopping suddenly
 - There is a speed police check ahead
31. You are on a Two-lane dual carriageway. For which TWO of the following would you use the right hand lanes. **MARK TWO ANSWERS**
- Turning right
 - Normal progress
 - Staying at the minimum allowed speed
 - Constant high speed
 - Overtaking slower traffic
 - Mending punctures
32. What is the national speed limit for a single carriageway road for cars and motorcycles?
- 70 mph
 - 60 mph
 - 50 mph
 - 30 mph
33. When may you not overtake on the left?
- On a free-flowing Motorway or dual carriageway
 - When the traffic is moving slowly in queues
 - On a one way street
 - When the car in front is signalling to turn right
34. A police officer asks to see your documents. You do not have them with you. You may produce them at a police station within
- Five days
 - Seven days
 - 14 days
 - 21 days
35. An accident has just happened. An injured person is lying in the busy road. What is the first thing you should do to help
- Treat the person for shock
 - Warn other traffic
 - Place them in the recovery position
 - Make sure the injured person is kept warm

Check your answers on Page 16

Mock Theory Test Paper "2" (Mark One Answer Unless Otherwise Stated)

1. When a trailer swerves or snakes when you are towing it. You should
 - A. Ease off the accelerator and reduce your speed
 - B. Let go of the steering wheel and let it correct itself
 - C. Brake hard and hold the pedal down
 - D. Increase your speed as quickly as possible
2. What TWO safeguards could you take against fire risk to your vehicle. **MARK TWO ANSWERS**
 - A. Keep water levels above maximum
 - B. Carry a fire extinguisher
 - C. Avoid driving with a full tank of petrol
 - D. Use unleaded petrol
 - E. Check out any strong smell of petrol
 - F. Use low octane fuel
3. You arrive at an accident where someone is suffering from severe burns. You should
 - A. Burst an blisters
 - B. Douse the burns thoroughly with cool liquid
 - C. Apply lotions to the injury
 - D. Remove anything sticking to the burns
4. You have stopped at the scene of an accident to give help. Which THREE things should you do **MARK THREE ANSWERS**
 - A. Keep injured people warm and comfortable
 - B. Keep injured people calm by talking to them reassuringly
 - C. Keep injured people on the move by walking them around
 - D. Give injured people a warm drink
 - E. Make sure that injured people are not left alone
5. The cost of your insurance may be reduced if
 - A. Your car is large and powerful
 - B. You are using the car for work purposes
 - C. You have penalty points on your licence
 - D. You are over 25 years old
6. Your vehicle needs a current MOT certificate. You do not have one. Until you do have one you will not be able to renew your
 - A. Driving licence
 - B. Vehicle insurance
 - C. Road tax disc
 - D. Vehicle registration document
7. When traffic lights are out of order. Who has priority?
 - A. Traffic going straight on
 - B. Traffic turning right
 - C. Nobody
 - D. Traffic turning left.
8. You are following a vehicle on a wet road. You should leave a time gap of at least
 - A. One second
 - B. Two seconds
 - C. Three seconds
 - D. Four seconds
9. To avoid an accident when entering a controflow system you should **MARK THREE ANSWERS**
 - A. Reduce speed in good time
 - B. Switch lanes anytime to make progress
 - C. Choose an appropriate lane early
 - D. Keep the correct separation distance
 - E. Increase speed to pass through quickly
 - F. Follow other motorists closely to avoid long queues
10. You MUST obey signs giving orders. These signs are mostly.
 - A. Green rectangles
 - B. Red triangles
 - C. Blue rectangles
 - D. Red circles
11. You are waiting at a pelican crossing. The red light changes to flashing amber. This means you must
 - A. Wait for pedestrians on the crossing to clear
 - B. Move off immediately without any hesitation
 - C. Wait for the green light before moving off
 - D. Get ready and go when the continuous amber light shows
12. You are driving on a road that has a cycle lane. The lane is marked by a broken white line. This means that **MARK TWO ANSWERS**
 - A. You should not drive in the lane unless it is unavoidable
 - B. You should not park in the lane unless it is unavoidable
 - C. You can drive in the lane anytime
 - D. The lane must be used by motorcyclists in heavy traffic

Mock Theory Test Paper "2" (Mark One Answer Unless Otherwise Stated)

13. You are away from home and have to park your vehicle overnight. Where should you leave it?
- Opposite another parked vehicle
 - In a quiet road
 - Opposite a traffic island
 - In a secure car park
14. Your vehicle breaks down on the hard shoulder of a Motorway. You decide to use your mobile phone to call for help. You should
- Stand at the rear of the vehicle while making the call
 - Try to repair the vehicle yourself
 - Get out of the vehicle by the right hand door
 - Check your location from the marker posts on the left
15. While you are driving in fog it becomes necessary to use front fog lights. You should
- Only turn them on in heavy traffic conditions
 - Remember not to use them on Motorways
 - Only use them with dipped headlights
 - Remember to switch them off as visibility improves
16. Hills can affect the performance of your car. Which TWO apply when driving up steep hills **MARK TWO ANSWERS**
- Higher gears will pull better
 - You will slow down sooner
 - Overtaking will be easier
 - The engine will work harder
 - The steering will feel heavier
17. Some two way roads are divided into three lanes. Why are these particularly dangerous?
- Traffic in both directions can use the middle lane to overtake
 - Traffic can travel faster in poorer weather conditions
 - Traffic can overtake on the left
 - Traffic uses the middle lane for emergencies only
18. You are towing a caravan. Which is the safest type of rear view mirror to use?
- Interior wide angle view mirrors
 - Extended-arm side mirrors
 - Ordinary door mirrors
 - Ordinary interior mirrors
19. Why should you look particularly for motorcyclists and cyclists at junctions?
- They may want to turn into the side road
 - They may slow down to let you turn
 - They are harder to see
 - They might not see you turn
20. You are driving towards a Zebra Crossing. Waiting to cross is a person in a wheelchair. You should
- Continue on your way
 - Wave to the person to cross
 - Wave to the person to wait
 - Be prepared to stop
21. How would you react to drivers who appear to be inexperienced?
- Sound your horn to warn them of your presence
 - Be patient and be prepared for them to act more slowly
 - Flash your headlight to indicate that it is safe for them to proceed
 - Overtake them as soon as possible
22. You are about to return home from holiday when you become ill. A doctor prescribes drugs that are likely to affect your driving. You should
- Drive only if someone is with you
 - Avoid driving on Motorways
 - Not drive yourself
 - Never drive at more than 30 mph
23. How can you tell if you are driving on ice? **MARK TWO ANSWERS**
- The tyre's make a rumbling noise
 - The tyre's make hardly any noise
 - The steering become heavier
 - The steering becomes lighter
24. When driving in fog in daylight you should use
- Sidelights
 - Full beam headlights
 - Hazard lights
 - Dipped headlights

Mock Theory Test Paper "2" (Mark One Answer Unless Otherwise Stated)

25. You are driving in heavy rain. Your steering suddenly becomes very light. You should
- Steer towards the side of the road
 - Apply gentle acceleration
 - Brake firmly to reduce speed
 - Ease off the accelerator
26. You are on a good, dry road surface and your vehicle has good brakes and Tyres. What is the overall stopping distance at 40 mph?
- 23 Metres (75 feet)
 - 36 metres (118 feet)
 - 53 metres (175 feet)
 - 96 metres (315 feet)
27. Daytime visibility is poor but not seriously reduced. You should switch on
- Headlights and fog lights
 - Front fog lights
 - Dipped headlights
 - Rear fog lights
28. You have a loose filler cap on your diesel fuel tank. This will **MARK TWO ANSWERS**
- Waste fuel and money
 - Make roads slippery for other road users
 - Improve your vehicles fuel consumption
 - Increase the level of exhaust emissions
29. The main cause of brake fade is
- The brakes overheating
 - Air in the brake fluid
 - Oil on the brakes
 - The brakes out of adjustment
30. For which **TWO** of these may you use hazard warning lights?
- When driving on a Motorway to warn drivers behind of a hazard ahead
 - When you are double parked on a two way road
 - When your direction indicators are not working
 - When warning oncoming traffic that you intend to stop
 - When your vehicle has broken down and is causing an obstruction
31. Which one of these is more likely to deter the theft of your vehicle?
- An immobiliser
 - Tinted windows
 - Locking wheel nuts
 - A sun screen.
32. At which type of crossing are cyclists allowed to ride across with pedestrians?
- Toucan
 - Puffin
 - Pelican
 - Zebra
33. What should you use your horn for?
- To alert others to your presence
 - To allow you right of way
 - To greet other road users
 - To signal your annoyance
34. You are driving a slow moving vehicle on a narrow road. When traffic wishes to overtake you should
- Take no action
 - Put your hazard warning lights on
 - Stop immediately and wave it on
 - Pull in safely as soon as you can do so.
35. Which **FOUR** are most likely to cause you to lose concentration while you are driving? **MARK FOUR ANSWERS**
- Using a mobile phone
 - Talking into a microphone
 - Tuning your car radio
 - Looking at a map
 - Checking the mirrors
 - Using the demisters

Check your answers on Page 16

Mock Theory Test Paper "3" (Mark One Answer Unless Otherwise Stated)

1. Before making a U-turn in the road, you should
 - A. Give an arm signal as well as using your indicators
 - B. Signal so other drivers can slow down for you
 - C. Look over your shoulder for a final check
 - D. Select a higher gear than normal
2. Using a mobile phone while you are driving
 - A. Is acceptable in a vehicle with power steering
 - B. Will reduce your field of vision
 - C. Could distract your attention from the road
 - D. Will affect your vehicles electronic equipment
3. A pelican crossing that crosses the road in a straight line and has a central island **MUST** be treated as
 - A. One crossing in daylight only
 - B. One complete crossing
 - C. Two separate crossings
 - D. Two crossings during darkness.
4. A flashing green beacon on a vehicle means
 - A. Police on non-urgent duties
 - B. Doctor on an emergency call
 - C. Road safety patrol operating
 - D. Gritting in progress.
5. Which of the following vehicles will use blue flashing beacons? **MARK THREE ANSWERS**
 - A. Motorway maintenance
 - B. Bomb disposal
 - C. Blood transfusion
 - D. Police patrol
 - E. Breakdown recovery
6. How can you help prevent your car radio being stolen?
 - A. Park in an unlit area
 - B. Hide the radio with a blanket
 - C. Park near a busy junction

Terms and conditions

These terms are available in larger print at
www.surepassdrivingschool.com/drivingschoolterms

By starting your driving lessons you accept the terms and conditions laid out below and they form part of a contract between the pupil, the Instructor, and Surepass Ltd.

Your driving instructor's dealings with you.

1. Your Driving Instructor will be registered with the Driving Standards Agency and licensed to give paid instruction
2. All of our instructors must abide by the DSA voluntary code of practice and the Surepass Brand Policy.
3. Your Driving Instructor will behave in a professional and courteous manner at all times.
4. Clients will be treated with respect and consideration and will not be discriminated against regardless of sex, race, religion, sexual orientation, disability (unless road safety is at risk), or any other factor. We do however reserve the right not to give instruction but this will not in any way contravene legislation or be for reasons of discrimination.
5. Your Instructor will avoid physical contact with you at all times except in the course of a normal greeting or in an emergency or a situation where the safety of you, or any other road user may be compromised.
6. We expect to provide you with the same Instructor and vehicle for all of your lessons. But, occasionally through circumstances beyond our control i.e. in the event of a vehicle breakdown or your Instructor being ill, we may have to reallocate you to an alternative Instructor.
7. Your Instructor will expect a professional approach from you and a willingness to undertake tuition. He will not tolerate abusive behaviour, bad language, inappropriate clothing for the purposes of safe driving or if you appear to be under the influence of alcohol or drugs. Your Instructor will discuss any queries or concerns with you in the first instance but where there is an unwillingness to cooperate then the Instructor reserves the right to terminate the lesson or course with loss of fee. No refunds will be given.

Business dealings

1. Your Instructor is self employed and operates a franchised business in providing driving instruction services. Therefore any disputes or claims must be discussed in the first instance with the Instructor. Surepass Ltd acts as a franchisor in providing pupil referrals to the franchised business.
2. Any money paid in advance to Surepass Ltd for driving lessons will be safeguarded by the company and vouchers issued to the pupil to be used as payment for the driving lesson(s). Surepass Ltd will not be held responsible for any money paid in advance to the Instructor nor will it refund any lessons not taken but paid for where the pupil has paid the Instructor in advance. Surepass Ltd recommends you should always ask for a receipt when paying monies to your Instructor and contact the Instructor direct should you require a refund.
3. Vouchers must only be redeemed as you take each lesson. Requests for refunds cannot be accepted unless any unused vouchers are returned to our head office before their expiry date.
4. In the event that vouchers become lost, stolen, or damaged then Surepass Ltd reserve the right to charge a £30 administration fee for replacements.
5. Any deposits paid are used to book tests, issue study material and are non-refundable.
6. The full balance for an intensive driving course is payable to the Instructor on the first day of the course. Any requests for a partial refund for lessons unused will be calculated as if the pupil had booked single lessons at the full lesson price.
7. If you wish to cancel or reschedule a driving lesson you must contact your Instructor directly at least two working days before the lesson was planned for. In the event of the lesson being part of a course you must give at least two weeks notice. Failing to give this notice will result in the money being lost for that lesson.
8. If your Instructor needs to cancel a lesson and is unable to give you 48 hours notice then the Instructor must give you a free driving lesson. This does not apply in the event of unforeseen circumstances beyond the control of the instructor or company – for example (but not limited to) mechanical breakdown.
9. Any money paid in advance for driving lessons to Surepass Ltd or to your Instructor must be used within three calendar months from the date it was paid otherwise this money will be lost. If you need an extension on this please telephone 0870 066 7607 before the end of the three month period and we will consider this request in exceptional circumstances. Any vouchers must be used by their expiry date.
10. If you book a driving course of any kind and change your mind within seven days of paying the deposit or full payment - and providing no tests or lessons have taken place then the course may be cancelled by writing to Surepass Ltd and return any study material in good condition.
11. Surepass Ltd will book practical tests on request and providing full payment has been received. However the availability of tests is out of the company's control and Surepass Ltd cannot be held responsible for the waiting times for tests.

Basic rules of entitlement to drive

1. You must be entitled to drive and hold a valid UK provisional licence. In the event of a banned driver training for a retest you must be legally entitled to take professional tuition. You must bring your license (both parts) with you to your driving lessons. Failure to bring this with you will result in the lesson being lost and the fee being charged for that lesson.
2. You must be able to read a number plate from the required distance laid out in the Highway Code. Your Instructor will check your eyesight but it is your responsibility to ensure that your vision is adequate for the driving test and also for general safe driving.
3. You must bring with you the required documents for your practical driving test. This includes both parts of your driving licence, your theory test pass certificate, and your letter of appointment. If you fail to bring these documents the test may not go ahead and your fee will be lost.
4. When a driving test is booked (by yourself or by us on your behalf) you will receive an e-mail or letter confirming the appointment from the DSA. Your Instructor needs to see the e-mail or letter. Test dates and times which have been texted to the Instructor could be lost and information given by telephone could be misheard. The test date is important and it is the pupils responsibility to ensure the Instructor is fully aware when the test will take place.
5. Your Instructor will advise you when you are ready to apply for a driving test taking into account local waiting times. Please do not book a driving test without discussing it first with your Instructor. Your Instructor will expect you to continue to make progress in your lessons and achieve a satisfactory standard to take the test. If the Instructor feels you have not achieved the required standard then he will discuss where improvements need to be made and the number of additional lessons required. Your Instructor reserves the right to withdraw his vehicle for the test should you not reach the required standard. In this event no refund for your test or driving course will be considered. Please note that in the case of one or two week courses it may be that we cannot advise you of this until after the cancellation deadline for the test. If this is the case you will lose your test fee
6. In the event of mechanical failure on the day of your test we will try to arrange a different car. If this is not possible and you are unable to take the test then your instructor will arrange to pay for another driving test for you. This is the limit of his or her liability.

When things go wrong.

In the vast majority of cases Surepass pupils enjoy their driving lessons and pass their test without any queries or problems whatsoever. Occasionally there might be a problem you would like to discuss or a query which needs investigating. Surepass recommends that you should always raise the matter with your Instructor in the first instance. If you are not satisfied with his response or actions then please contact our Customer Services team on 0800 85 41 40. We will listen to your problem and do our utmost to find a satisfactory solution, we aim to resolve all problems within 48 hours of your call. If you are not satisfied with our solution then the matter will be escalated to the Customer Services Manager who will contact you within 48 hours of being notified. The Manager aims to respond to all complaints within 28 days. If the Manager is unable to provide a final response within 28 days then she will write to let you know the reason for the delay. If after receiving the Managers response you are still not completely satisfied then you may write to the Driving Standards Agency, The Axis Building, 112 Upper Parliament Street, Nottingham, NG1 6LP.

10 Hour Intensive Training Programme

Stage One 1-2 hours

Topic	Done	Topic	Done
Controls		Turning Left	
Moving Away		Turning Right	
Stopping		T Junctions	
Hill Starts		Crossroad's	
<p>At the end of this stage you should be able to carry out the following unaided Move away under control. Build your speed up to 30 MPH using all the gears at the correct time. Carry out simple left & right turns. Deal with simple T Junctions safely</p>			
As this standard been achieved	yes no	Number of extra lessons required to achieve this standard	

Stage Two 3-5 hours

Topic	Done	Topic	Done
Turn in the Road		Difficult Left turns	
Reverse round a corner		Difficult Right turns	
Reverse & Bay Parking		Difficult T Junctions	
Meeting Situations		Difficult Crossroad's	
<p>At the end of this stage you should be able to carry out the following unaided Control the car at slow speeds, Do the turn in the road, reverse round a corner & parallel park under control & accurately. Carry out difficult left & right turns. Deal with difficult T Junctions. Use reasonable judgement in meeting situations & emerging from junctions</p>			
As this standard been achieved	yes no	Number of extra lessons required to achieve this standard	

Stage Three 6-8 hours

Topic	Done	Topic	Done
Emergency Stop & Mirrors		Overtaking	
Pedestrian Crossings & Signals		Dual Carriageways	
<p>At the end of this stage you should be able to carry out the following unaided Stop the vehicle as in an emergency under full control. Deal with pedestrian crossings safely. Show awareness and anticipation when approaching pedestrian crossings and cyclists. Make progress by driving at a speed appropriate to the road and conditions</p>			
As this standard been achieved	yes no	Number of extra lessons required to achieve this standard
